Main specifications

Dimensions (W x L x H)

1360 x 1080 x 1080 mm

Weight (KG)

233 kg

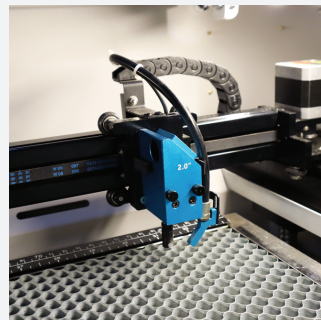

Power Supply

AC 240v 50/60Hz

Laser Type

CO2 RF laser tube

- Working area:
 - Dimensions: 813 × 508 × 190 mm
 - Isolated from other components
- CO2 RF 30 W laser
- Power control: 1 to 100%
- Maximum speed: 2000 mm/s
- Resolution: up to 1000 DPI
- 2" lens
- Honeycomb table
- Autofocus: automatic height adjustment
- Drawer for collecting objects / waste
- Automatic fume extraction
- Automatic dual air pressure system
- Positioning pointer
- Temperature sensor
- Air pressure sensor
- Access sensors on all doors
- Customized RDWorks V8 software
- Files: AI, DST, PLT, BMP, DXF
- Connectivity: USB and Network

Optional specifications

- 60 W CO2 RF lasers
- Rotary device
- Air purifier
- LightBurn software
- Vacuum table
